Fue investido como jefe supremo del bando sublevado el 1 de octubre de 1936, ejerciendo como jefe de Estado de España desde el término del conflicto hasta su fallecimiento en 1975, y como jefe de Gobierno entre 1938 y 1973. Líder del partido único Falange Española Tradicionalista y de las JONS, con un régimen fascista en sus comienzos, y más tarde en una dictadura, conocida como franquismo, de tipo conservador, católico y anti-comunista. Este cambio se debió a la derrota del fascismo en la Segunda Guerra Mundial. Aglutinó en torno al culto a su persona, a diferentes tendencias del conservadurismo, del nacionalismo y del catolicismo opuestas a la izquierda política y al desarrollo de formas democráticas de gobierno.

Recognition in International Law Stefan Talmon,2021-10-18 The bibliography lists the literature and State practice on the question of recognition in international law for the last two hundred years. It contains books and articles, ie. contributions to journals and other collected works such as Festschriften and Encyclopaedias, as well as (published and unpublished) theses, pamphlets, compilations of diplomatic documents and case notes. As many of the monographs on recognition in international law will not be available in all libraries, book reviews have been included in the bibliography in order to enable the user to decide whether it may be advisable to order a certain work by inter-library loan. Its 4,500 entries are arranged systematically according to subject categories in fourteen main sections. Each main section is further subdivided with ever-increasing specificity into sub-sections on codification, codification attempts, general studies, studies of certain recognition questions and studies of specific recognition cases. The bibliography employs a broad meaning of recognition. It is not restricted to the question of status of an authority or entity in international law but encompasses also the question of relations with it. As many of the recognition cases must be considered, and can only be understood, against their historic, political and sometimes even economic background, the bibliography includes not only purely legal treaties but also publications of a primarily historical, political or economic content which incidentally deal with aspects of recognition in international law. This is reflected by the titles of the 730 journals from more than 50 countries in 20 different languages which have been used to compile the bibliography. The bibliography contains both an author and a comprehensive subject index to enable users to locate works of a particular writer or a specific problem.

Bombas sobre Alicante Pablo Manuel Rosser Limiñana,2023-05-25 En el presente estudio se han utilizado dos valiosos diarios que datan del periodo en el que la ciudad de Alicante era objeto de bombardeos durante la guerra civil española. El propósito del trabajo fue explorar la realidad humana de los ataques aéreos sobre población civil. Este análisis fue complementado y enriquecido con información nueva y previamente no publicada, obtenida a partir de diversos archivos locales, provinciales, nacionales e internacionales. El uso de esta documentación permitió llevar a cabo un exhaustivo análisis

histórico de las intenciones de los atacantes, sus estrategias y técnicas de guerra, y determinar de qué manera la República se preparó para contrarrestar estos ataques, con especial énfasis en la organización local de Alicante. Además, el trabajo también incluye una revisión de la política exterior del momento con relación a España, especialmente a partir de la creación del Comité de No Intervención. En este contexto, Alicante tuvo un papel destacado mientras sufría los bombardeos.

Living the Death of Democracy in Spain Susana Belenguer,Ciaran Cosgrove,James Whiston,2017-10-02 This volume brings together new interdisciplinary perspectives on the Spanish Civil War, its victims, its contentious ending, and its aftermath. In exploring the slow demise of the Spanish Republic and the course of the Civil War, the authors have chosen to range in turn over cinematic, literary and historical depictions of the era. In addition, reactions elsewhere in Europe to the Spanish conflict are examined; the role of the International Brigades is looked at afresh; the fate of children displaced during the Civil War is explored; and the Spanish anarcho-syndicalist movement is revisited. The volume shows that to be any kind of soldier in the armies of the Republic, or even to be seen as a Republican sympathiser, was to become a non-person in the new order in Spain under Franco, and sets what supporters of the Republic had to endure within the wider European and international context of the period. This book offers timely fresh insights into the failure of the Spanish Republic and into a society that tried in vain to unite its divided people during what was a seismic era in Spain's history. This book was originally published as a special issue of Bulletin of Spanish Studies.

Manual Para Capacitar Profesionales en la Intervención Y El Manejo de Víctimas de Acoso Escolar O Bullying

Mar a. M. Mendoza-Rodr Guez, María M. Mendoza-Rodríguez, 2012-11 Este Manual se diseñó con el objetivo principal de facilitar y ayudar en las intervenciones a los profesionales de la conducta humana y de esta forma lograr ser de beneficio para tratar a los niños o adolescentes que han sido víctimas de acoso escolar. Así mismo, esperamos que con esta herramienta y con ayuda de un especialista, las víctimas puedan desarrollar las destrezas necesarias que minimicen la exposición a experiencias similares y trabajen experiencias previas de forma adecuada. Como especialista en el área de salud mental, esperamos que el contenido de este manuscrito aporte conocimiento, así como estrategias específicas y ejercicios para que de esta forma se maneje la problemática del acoso escolar. Pues entendemos que si los profesionales tienen el conocimiento y las herramientas necesarias para intervenir en este tipo de conducta, pueden proveer mejores servicios o ayuda; de modo que redunden en beneficio para la salud mental y/o emocional de las víctimas.

Learn Spanish News Vol.4 Nik Marcel, LEARN SPANISH NEWS Vol.4: English & Spanish THIS EDITION: The dual-language text has been arranged into sentences and shorter paragraphs for quick and easy cross-referencing. The source text is the Spanish language edition of Voice of America (VOA). The Spanish text has been translated into English for this dual-language project. The reader can choose between four formats: Section 1: English to Spanish Section 2: Spanish to English Section 3: English Section 4: Spanish A methodology for getting the most out of this bilingual format is explained in the book's Foreword. The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language: to be able to read only in the foreign language, and extract enough understanding to continue the language learning process fruitfully this way. A reader might like to go back to reading dual-language news for reinforcement and further development, returning to foreign language only news with a deeper understanding. By going back to the same 'old' news, you are going over words, word patterns, and passages with which you already have a certain familiarity. The process of reinforcement, learning or retaining of what is new, and exposure to what is unfamiliar, is much easier this way — even though the news may seem a little dated. The aim of informing the reader about actual news is secondary, especially given that the content will become less current (and less relevant) over time. If you are having trouble with the level of difficulty in the text, a suggested path for learning languages is as follows: Familiarise yourself with a basic language instruction book — or re-read the one you have. Once a student has studied the basics, a suitable book about basic

grammar can be helpful. The suggestion is that any grammar book be studied more with the intent of recognition and understanding, rather than memorising and obsessive rote learning. Go through as much of the grammar book you feel you can digest — maybe even the whole book — skipping over what is not easily understood. After this, read through a portion of text in a book called ‘Spanish Sentences’, by 2LanguageBooks, looking for examples of what you have picked up (or gleaned) in your hopefully not so arduous study of grammar. Even repeatedly seeing a word that you remember seeing listed as a ‘subject pronoun’ or a ‘third person plural’ verb of some sort is a great help. Then, depending on your inclination, return to the grammar book (or your basic Spanish book), or move on to lengthier bilingual text — like in 2Language Books texts containing news or stories, for example —, or find some suitable Spanish text: a simple novel, a Spanish news website, etc. Grammar books will likely have some verb charts. However, there are currently good on-line resources that go further — dictionaries with a verb conjugation ‘search’ option. Many basic language books offer some form of audio support. Internet services — primarily news based radio stations — offer podcasts. Audio from television is an additional resource, and can be formatted for use on various digital platforms. However, if audio is an important component of your interest in languages, electronic devices that support quality text-to-speech (TTS) will likely be appealing. With a library card, TTS technology (in a device that supports the relevant content), and the above mentioned resources, an entire language learning system is available for not much more than a cup of coffee! There is no substantial financial outlay to get you started. Furthermore, there are no additional ongoing fees (and updates), and there are no expiry dates on ‘premium’ content and resources.
